MOMENTS OF TRUTH

GROHE's experts announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the

achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

Dear customers,

We know your taste is personal, a style which is distinctly and uniquely you. At GROHE, we not only want to enable you to design a modern bathroom, but to enable you to create your own personal sanctuary within your home. Completing our extensive range of taps, shower systems and accessories, we now also offer a carefully selected range of sanitary ceramics. We just call it “the perfect match” in design and function. With that holistic portfolio, GROHE is your perfect partner for full bathroom solutions.

If you prefer a modern style, our new Lineare range of bathroom taps may be just the perfect solution for you. With its cosmopolitan design, Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, these taps have been reduced to only the necessary elements to achieve the slimmest possible appearance.

Equally, the slim, understated style of our SmartControl Concealed shower interface would also suit a minimalist bathroom design. The combination of a highly intuitive push button and volume control allows you to enjoy your personalised shower experience with any combination of spray modes and water volume from a single wall plate.

Our new SPA Colours range was developed to further customise your bathroom aesthetic to your personal style. Enjoy the freedom of choice between 10 beautiful colour and finish combinations, covering a full range of products from taps to accessories. All with the long-lasting surface quality you rightly expect from a GROHE solution.

At GROHE, we want you to create a room you love. We believe that the key to your satisfaction lies within a holistic range of products from one source. Therefore, GROHE offers your full-line supplier of complete bathroom solutions a comprehensive product range that supplement any style and any project – helping you to realize the very personal bathroom you have always dreamt of.

GROHE FAUCETS

GROHE bathroom faucets unite award-winning design with the finest materials and the latest industry-leading technologies to match your personal style.

GROHE SILKMOVE

Only GROHE faucets operate with an action so smooth we have dubbed it GROHE SilkMove. Naturally, they also offer delicately precise control of water flow and temperature to match. GROHE SilkMove cartridge discs are made from a space-proven ceramic alloy with Teflon technology so that working a mixer lever is effortlessly easy – and remains that way for decades to come. In fact, in a comprehensive battery of mechanical wear tests conducted by the German Technical Inspection Agency, TÜV, our high-tech cartridges produced in-house at GROHE outstripped all products from big-name international manufacturers.

GROHE ECOJOY

SAVE PRECIOUS RESOURCES AND ENJOY 100 % WATER COMFORT.

All GROHE EcoJoy products are systematically designed to save water and energy so that precious resources are conserved. These products, equipped with water-saving technologies, offer the perfect water experience without the need to compromise. Reducing water and energy consumption goes hand in hand with convenience and attractive design. Less water. Perfect flow.

GROHE BESTMATCH

With GROHE BestMatch, you can easily browse through all the various pre-tested combinations in the comfort of your own home. How about an oval washbasin with a faucet featuring the modern GROHE Essence design? Or maybe a round washbasin with an elegant GROHE Eurosmart faucet? You can choose between BestMatches consisting of washbasins of major top brands combined with GROHE basin mixers as well as PerfectMatches consisting of GROHE faucets combined with perfectly coordinated GROHE washbasins as well as its GROHE accessories.

GROHE THERMOSTATS

PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50 %. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

GROHE TURBOSTAT

**ALWAYS THE RIGHT TEMPERATURE,
FOR ULTIMATE CONVENIENCE AND SAFETY.**

GROHE TurboStat technology lies at the heart of our thermostat. The thermoelement unrivaled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower. No more time and water wasted getting the temperature right. And if the cold water supply fails, it reacts instantly: hot water will shut off automatically to avoid the risk of scalding.

GROHE COOLTOUCH

SAFETY FIRST WITH 100 % GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100 % GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

GROHE CoolTouch safety housing with water cooling

GROHTHERM 3000 COSMOPOLITAN

MINIMALIST & 100 % GROHE COOLTOUCH.

Grohtherm 3000 thermostats are based on an aesthetic philosophy based on simple cylinders in perfect proportions, creating balance and harmony enhanced by GROHE StarLight chrome, a deep luxurious finish.

While GROHE TurboStat maintains your perfect water temperature, GROHE CoolTouch eliminates the risk of scalding from hot chrome surfaces, while the EcoButton enables you to reduce your water consumption up to 50 %.

GROHE SMARTCONTROL

THINK OF A SHOWER. ISN'T IT SIMPLY WATER DROPLETS FALLING DOWN? IT'S HARDLY ROCKET SCIENCE.

And yet what GROHE SmartControl does with water has to be felt to be believed. It elevates the simple shower to a whole new shower experience that seems to have been made for you alone.

The intelligence of GROHE SmartControl lets you rediscover the element of water: you can surround yourself with fat, lazy droplets like a summer rain or lend form to the water to massage and soothe away the day. Turn the volume all the way up for a deluge or down to deliver a fine spray. Or choose the right degree of warmth for every water drop. All at the touch of your finger.

GROHE SMARTCONTROL – TOMORROW'S WAY TO SHOWER.

THE NEW **SHOWER INTERFACE**

That's why our head showers give you the choice of different spray types. And thanks to GROHE SmartControl, you can enjoy more than one spray at once. Try combining the GROHE PureRain spray with the stimulating TrioMassage. Or switch to the hand shower with the push of a button. Everything is possible, all is enjoyment. GROHE SMARTCONTROL COMBI SHOWER SYSTEM

THE BEST OF BOTH WORLDS:

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the “exceeded” solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

CONCEALED**THE NOT-SO-HIDDEN BENEFITS:**

Space – we'd all like to have more of it, especially in the shower area, where it is often in short supply. With its concealed installation and exceedingly slim design, GROHE SmartControl Concealed offers more space under the shower and an uncluttered clean look.

Freedom of design too: GROHE SmartControl Concealed also offers a number of design variants. It also offers additional benefits of a practical kind: cleaning becomes faster and more convenient, thanks to the flat, streamlined design.

Of course GROHE SmartControl Concealed also offers the many features shared by GROHE SmartControl Exposed and the GROHE Combi shower system: from precise and intuitive volume and temperature control, to your choice of showers sprays at the touch of a button.

GROHE STICK SHOWERS

MINIMALISM IS AN ONGOING TREND IN THE BATHROOM.

GROHE stick hand showers and shower sets are perfect for installing next to the bathtub, in a minimalist, tailor-made shower, or just as a shower set to enjoy a refreshing GROHE shower in today's stylish bathrooms.

All GROHE hand showers feature an inner water guide that prevents the radiant GROHE StarLight chrome finish from cracking and ensures it's never too hot to handle. This is a real plus when using very hot water to clean the bath.

The extra-strong Silverflex hose with Twistfree functionality gives additional strength to the respective sets.

Our premium Sena trigger sprays feature a strong metal body in elegant minimalist design. The matching valve closes automatically, when the spray is put back into the holder.

To meet your requirements, trigger sprays can be purchased individually or as part of a shower set – with or without a valve.

WELCOME TO A NEW **CATEGORY OF CLEAN**

Softer on the skin, more soothing and more hygienic than wiping with paper – let the new GROHE Shower toilets broaden your horizons about how good your daily cleansing routine can make you feel.

WHEN GERMAN DESIGN AND ENGINEERING MEET **JAPANESE** SPA CULTURE

Would you eat raw fish without knowing something of the culture and tradition of sushi? We have learned so many things from Japan's culture: bathing rituals, eating rituals, manufacturing processes. We studied their advanced sanitary customs and technological know-how and now introduce a new and revolutionary sanitary concept based on breakthrough technology. A technology that cares intelligently and that will change your life – at least, an essential and most private part of it.

INTELLIGENT CARE

INTRODUCING THE NEW CLEAN: GROHE SENSIA ARENA

THE MOST AWARDED GROHE PRODUCT WITH 14 INTERNATIONAL DESIGN AWARDS

DESIGN THAT CARES

Good design should be instinctive to use, with form and function marrying perfectly to create objects that make you feel instantly at home. Our design for the new GROHE Sensia Arena is pure and fuss-free. We've designed it with clean lines that leave dirt nowhere to hide, its smooth shape a model of discreet elegance. It includes details that will give you a subtle sense of comfort, from the nightlight that guides you through the bathroom after dark to the automatic open and close feature of the lid, each one carefully thought out to make you feel looked after and secure. For its sleek silhouette to its technologically advanced finish we believe that with the Sensia Arena we've set the benchmark for the future of personalized, clean comfort.
