

QUARYL®

Exclusively from Villeroy&Boch for more than 20 years

Nature perfected

This innovative material available exclusively from Villeroy&Boch has been setting standards in aesthetic bathroom design for more than 20 years. Quaryl® combines the best properties of natural quartz with the versatility of high-quality acrylic resin. Nature perfected – warm, smooth and offering clean design lines, solid and hard like crystal. However, in a break from nature, form is not left to chance, rather it is in the hands of designers, and Quaryl® gives them completely free rein. Quaryl® is like a new element that exhibits all the properties one could want for baths and shower trays: it can be moulded and is durable and timeless, warm and pure. This innovative material is manufactured in Europe, in the Netherlands. Check out the advantages for yourself!

Unique & precise

- Incomparable designs
- Slight dimensional tolerances
- Flush installation
- Ideal for the installation of whirlpool systems
- Precise radii and edges

Clean & safe

- Easy to clean as dirt is almost unable to secure a hold
- Slip-resistant
- Smooth, pore-free and closed surface

Solid & robust

- Shock and impact-resistant, non-scratch, sound-absorbing
- Material thickness from 8 to 18 mm
- Retains its gloss, even after many years of use
- UV-resistant

Warm & pleasant to the touch

- Warm surface
- Good thermal insulation
- Good thermal coefficient thanks to quartz-based material mix

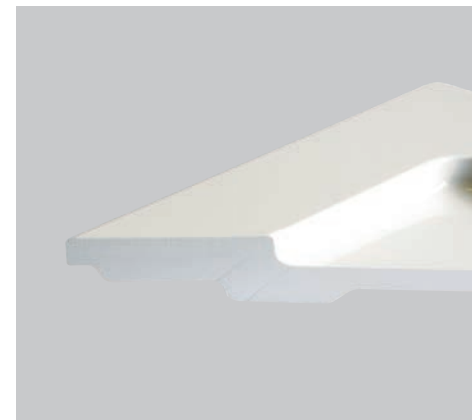

IT ALL STARTS WITH QUARTZ CRYSTAL

THE BASIS: 60% PURE, FINE-GROUND QUARTZ POWDER

LIQUID QUARYL®

MATERIAL CROSS-SECTION

ACRYLIC

Expertise for 45 years

Acrylic: versatile, beneficial, reliable

Acrylic has many distinguishing quality features. In addition, the large selection of high-quality acrylic baths from Villeroy&Boch offers durable quality with optimum comfort and unique design variety.

45 years of expertise with acrylic

Thanks to more than 265 years of innovative strength and design expertise with the very highest quality standards and a diverse selection, Villeroy&Boch has been producing high-quality acrylic products since 1969. Today our acrylic products are manufactured in Belgium.

- Acrylic production enables a variety of forms
- Acrylic has an insulating effect and quickly takes on the pleasant temperature of the bathwater
- Acrylic is colour-fast - products retain their colour and shine for longer
- The smooth surface is very easy to clean and also slip-resistant

ARCHITECTURA METALRIM

Shower trays

Ultra-flat design, extra stability. The Architectura MetalRim collection features ultra-flat, rimless shower trays made of high-quality acrylic. This new generation of shower trays features the first use of the innovative MetalRim technology developed by Villeroy&Boch. This galvanised steel reinforcement integrated into the rim area guarantees maximum material stability and a super-flat design in two rim heights (15 and 48 mm): a large variety of models and a minimalist design for individual style options.

The Futurion Walk-In version shower enclosure, shown on page 18, is the perfect complement. You will find more matching shower enclosures from page 34 onwards.

- 1 · FUTURION WALK-IN shower enclosure
CULT tap fittings programme
AVALON + PURE LINE tiles
- 2 · X-PLANE tiles

Galvanised steel in the rim area

Comfort

A large variety of models and a minimalist, timeless design allow individual style options for every room, whatever the layout. The pore-free, closed Quarry!® surface is especially easy to clean. Optionally available with the Vibogrip slip resistance class C finish.

Aesthetic appeal

The innovative MetalRim technology permits a super-flat design in two rim heights.

Installation options, two rim heights available in each case

Simple and safe installation with maximum flexibility for both rim heights (15 and 48 mm).

Installation on a base

Installation on the tiling

Flush-fit installation

FUTURION FLAT

Shower trays

Freedom begins in your bathroom. The shower trays in the Futurion Flat range communicate a feeling of absolute freedom, not just in terms of their visual appeal but also the moment you step into them. The exclusive character and high functional value are largely thanks to Quarryl®, the innovative material from Villeroy&Boch that boasts tangible quality, precision fitting and maximum easy-care properties. Futurion Flat creates a new feeling of freedom.

Futurion Flat brings together unique product properties.

Comfort

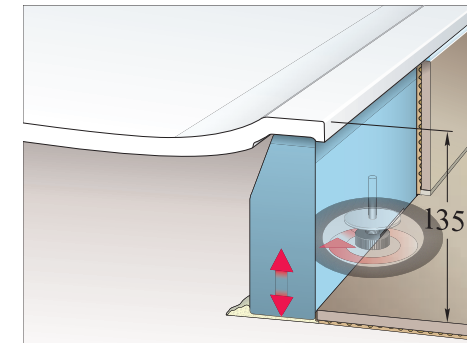

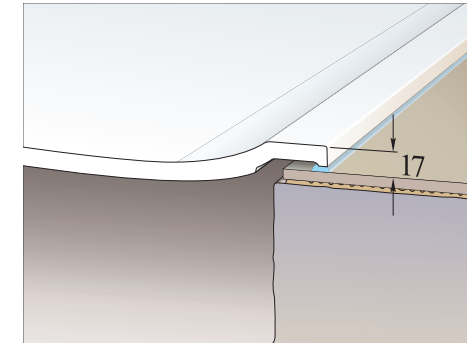

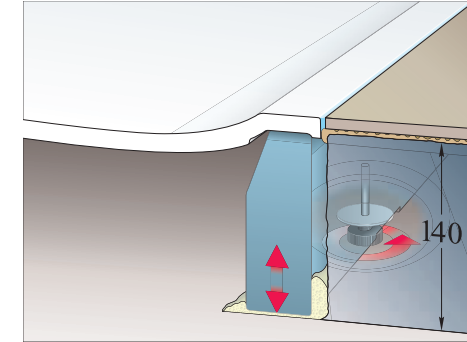

- Pore-free shower trays that feel pleasantly warm to the touch and are extremely easy to clean

Aesthetic appeal

- Minimalist, extra-flat design
- Three installation options allow plenty of design scope

You will find the perfectly matching Futurion Walk-In shower enclosure on page 18. And many more matching shower enclosures from page 34 onwards.

SUBWAY INFINITY

Shower trays

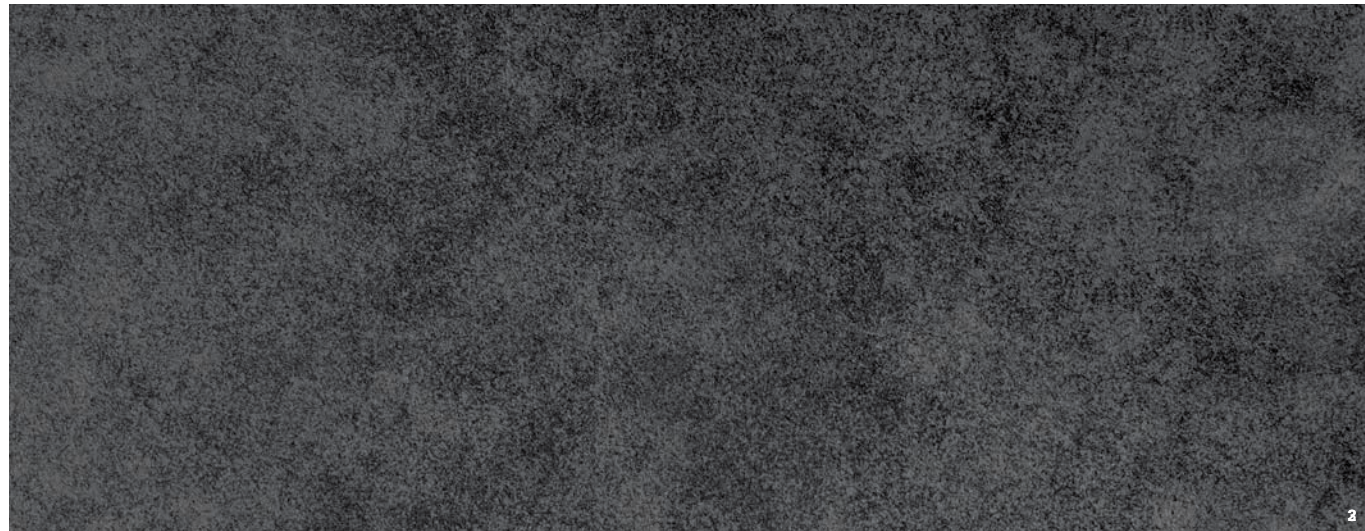

Subway Infinity is the new ceramic shower tray by Villeroy & Boch that can be cut to size. It is available in customised dimensions and can even be adapted to fit complex layouts, with columns, corners or projections. With the help of the completely new ViPrint décors, the shower tray can be designed to match Villeroy & Boch floor tiles. Fitted flush with the matching tiles, the Subway Infinity rimless shower tray is the ideal addition to any modern bathroom.

Information available on request.

1 - SUBWAY INFINITY shower tray

ViPrint – giving showers a new look

With ViPrint, Villeroy & Boch introduces completely new options for personalised bathroom design. With the innovative technology, the décor of the most popular Villeroy & Boch tile collections can be applied to the Subway Infinity shower tray. In this way, the ViPrint décors create a uniform look and an almost seamless transition between the shower tray and floor surface. Offering anti-slip class PN12, the ViPrint décors also provide greater safety.

Greater design freedom

With a large number of models in 26 sizes, Subway Infinity offers individual design possibilities with special dimensions and forms. On request, each model can be precisely cut with millimetre accuracy to any size between 1600 x 1000 and 800 x 750 mm. And customised special shapes are also possible, too. The Subway Infinity shower tray ensures a precise fit and becomes an integral part of the bathroom design – even with columns, projections and unusual angles.

Shower tray colours

Available in 3 colours that perfectly match the colours of the Villeroy & Boch tiles, with anti-slip class PN18 for maximum safety.

SQUARO INFINITY

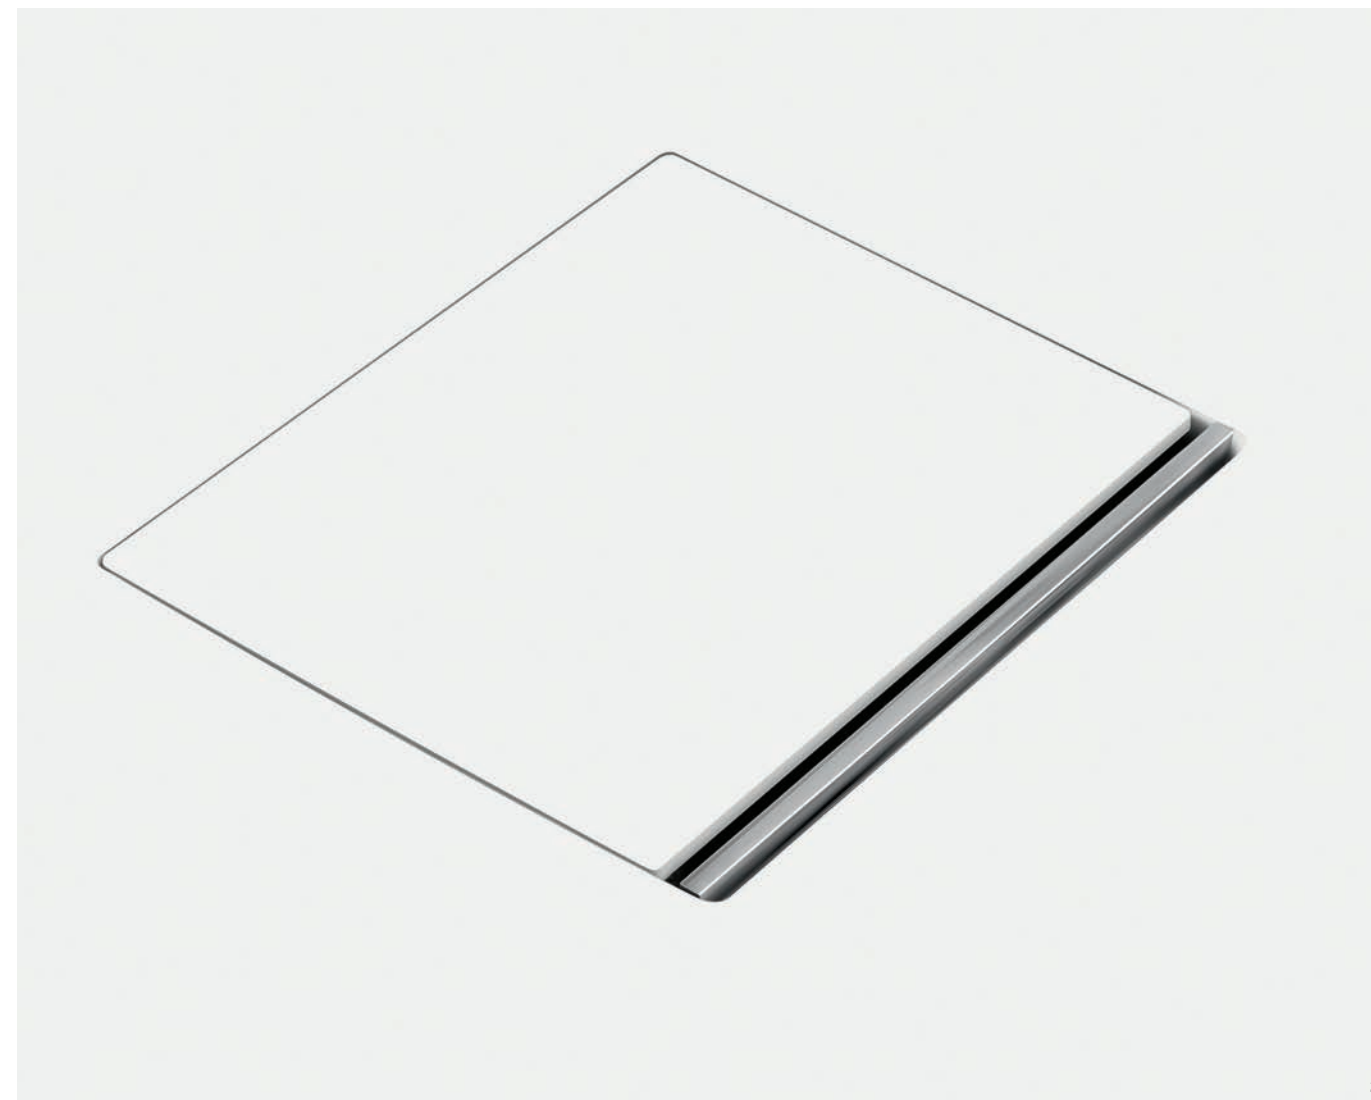

Shower trays

The customised solution. With Squaro Infinity, Villeroy & Boch presents an innovative shower tray made of Quarryl® that can be cut to size right down to the last millimetre. Available in various sizes, it can even be adapted to accommodate corners, columns or projections. This opens up a wealth of possibilities for bathroom design and offers a customised solution even for complex room layouts. The slim, ultra-flat form and the flush, integrated outlet cover set the highest standards in terms of design.

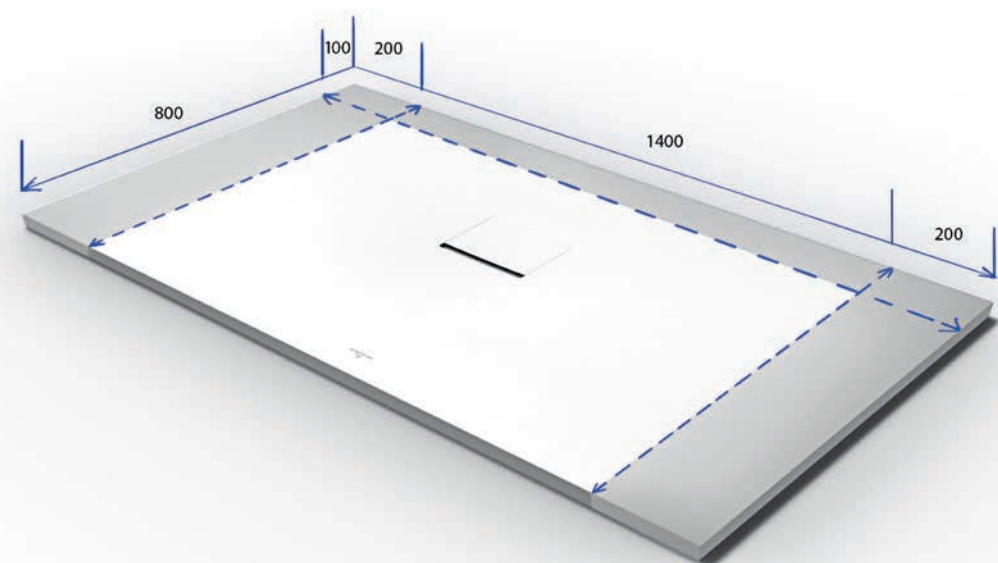

1 · SQUARO INFINITY shower tray
FUTURION WALK-IN shower enclosure

Minimalist design

The colour of the flush-fitting designer outlet cover perfectly matches the shower tray and is finished with a chrome-plated strip. Its drainage rate of 40 l/min is well above standard.

Variety down to the very last millimetre

Available in 49 sizes, Squaro Infinity offers unlimited design possibilities to meet individual comfort requirements. Special dimensions are available in every size from 1800 x 1000 to 800 x 700 mm and can be cut precisely to size with millimetre accuracy. Individual, customised special shapes are also possible.

Perfect fit

Thanks to customised special shapes, the shower tray can even be fitted around pedestals, projections and unusual angles. The pore-free surface is easy to clean and therefore particularly hygienic.

AVEO NEW GENERATION

A modern interpretation of natural aesthetics

A distinctive form with a contemporary flair. The stylish edge presents a seamless transition between the bath and rim for a look of pure elegance.

Comfort

Pleasantly warm to the touch, the material ensures perfect reclining comfort.

Aesthetic appeal

Add the new washbasins and furniture from the Aveo New Generation collection and the natural effect is complete.

CETUS & CETA

Perfect form, impressive variety

Cetus is perfect for modern, purist bathrooms; the free-standing Ceta model is also suitable for a classic setting. Premium look thanks to matt finish and special workmanship on the exterior. The United bath panelling is available for the rectangular versions. More information on page 62.

Comfort

The rounded form inside the bath allows you to lie back and relax in comfort.

Aesthetic appeal

A sensuously curved design that has won international awards.

Installation system

Installation is child's play! (Installation kit includes polystyrene support, assembly foam, special combined outlet and overflow and assembly instructions).

HOMMAGE

Paying tribute to a great age

The charm of a real classic. The free-standing Quaryl® bath features the style of the early 20th century.

Comfort

The high-quality material quickly takes on the water temperature. The slope of the backrest offers additional comfort.

Aesthetic appeal

Elegant bath feet in a beech look or white matt add the finishing touch to the classic design of this free-standing bath. Special workmanship on the exterior and a matt finish for a stylish effect.

LA BELLE

A new sensuality

La Belle has tempting elegantly curved lines: the stuff that dreams are made of – for a classically extravagant bathroom setting. The bath panel is available in Framboise and Graphite Noir in addition to classic white. The high-quality La Belle bath also comes as a free-standing monolithic version in White as well as a practical and comfortable built-in variant: the perfect place to forget the daily routine, space and time.

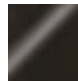

Comfort

High-quality Quaryl® guarantees perfect reclining comfort; the long inside length ensures a great deal of space.

Aesthetic appeal

The delicate, sweeping movement creates a unique, graceful form with the La Fleur pillar tap adding the finishing touch.

LOOP & FRIENDS

Two forms, endless possibilities

A simple concept!

Comfort

High quality acrylic, soft lines, symmetrical basic forms and a timeless design - Loop&Friends has everything you expect of a modern bath. Thanks to the low interior height of just 440 mm, the baths are particularly economical with water. And with a central outlet, two people can bathe together in absolute comfort.

Aesthetic appeal

The 22 different bath models in the collection have a square or oval inner form, making them perfectly suited to any bathroom. Choose between free-standing baths, built-in baths and solutions for special space requirements.

You will find the matching bath partitions (Frame to Frame and Subway) on pages 14 and 21.

MY NATURE

Naturally relaxed

Close your eyes and unwind in your own personal haven. Surrounded by gently curved forms, float on a sea of relaxation in the My Nature bath.

Comfort

With an inside depth of 460 mm, the My Nature bath provides high lying comfort.

Aesthetic appeal

A wooden pedestal (available in Elm Impresso, Chestnut or White) adds depth to the delicate bath and effortlessly supports it.

The harmony of the two elements creates an exquisite minimalism that promises well-being at first glance.

RECTANGULAR DUO						

The O.novo Solo and Duo baths come in numerous sizes (with a depth of up to 500 mm and a length of up to 1800 mm) and offer optimum solutions for every bathroom, as well as a modern, understated design. The ideal entry-level solution in Villeroy & Boch quality.

Comfort

Steep outside walls and a round interior for an especially deep bath with plenty of space.

Aesthetic appeal

The Subway and Frame to Frame bath screens are the perfect complement to the O.novo family of baths and help turn a bath into a shower (pages 14 and 21).

SQUARO

The art of clear lines

Made of Quaryl®, the Squaro range of baths offers perfect reclining comfort together with all the advantages of this innovative material in top quality: such as the unique shape that, with its clear lines, creates a stylish design for timeless modern bathrooms.

Comfort

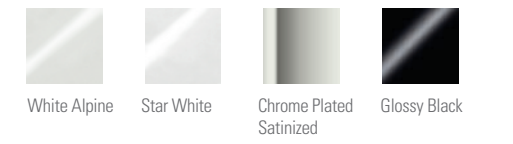

As they are so deep, the baths are extremely comfortable, whether for sitting or reclining, and the optional headrests in black and light grey add the finishing touch to reclining comfort.

Aesthetic appeal

Stylish panels in Glossy Black or Satin-finish Chrome are available for the corner variant.

You will find the matching Frame to Frame and Subway bath screens on pages 14 and 21.

INTELLIGENT PANELLING SYSTEMS

Easy assembly and free system design

Villeroy&Boch has developed clever systems for installing baths, showers and whirlpools that facilitate assembly. In addition to the high quality and aesthetic design, the systems provide flexible design freedom when planning the bathroom.

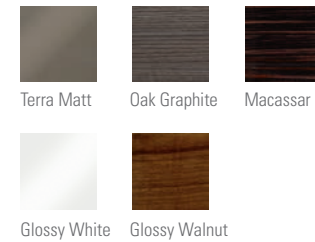

United for baths

United is the new, sophisticated panelling for selected rectangular and offset Quaryl® baths. It consists of a high-quality aluminium frame with a visible profile and various panel finishes for absolutely individual, creative bathroom design: available in Macassar, Oak Graphite, Glossy Walnut, Glossy White and Terra Matt and therefore perfectly matched to our successful furniture programmes. Installation is easy thanks to the use of magnets.

1 / 2 · INSTALLATION – easy thanks to magnets

The United bath panelling is available for the rectangular Quaryl® baths (1700 to 1900 mm): **Squaro Edge 12, Oberon, My Art, Libra and Cetus.**

AVAILABLE IN THE FOLLOWING COLOURS TO MATCH OUR SUCCESSFUL FURNITURE COLLECTIONS

ACCESSORIES

Practical additions Villeroy&Boch offers additional accessories for numerous baths: top quality and in a matching design, they are perfect for introducing extra comfort, safety and an exclusive bathroom ambience.

1 · TouchLight

The first bath lighting from Villeroy&Boch for Quaryl® and acrylic baths that works without a whirlpool system and whether or not the bath is full. It almost entirely flush-fitting and therefore very easy to clean. You can choose between warm white, coloured light or for example an alternating colour programme. For atmospheric lighting that has a proven positive effect on body and soul.

2 · Handles

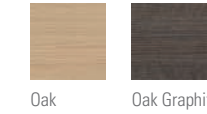

The Villeroy&Boch bath handle facilitates entering and leaving the bath. It can be attached to almost all baths.

3 · Bath shelf

The attractive, waterproof real-wood bath shelf offers additional storage space for the Joyce Apps. 2 sizes: 730 x 250 mm, 780 x 250 mm

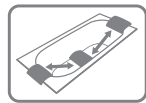

ALSO AVAILABLE IN THE COLOURS

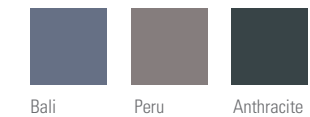

4 · Multifunctional cushion

The waterproof multifunctional cushion is made from high quality foam. It takes the strain off your neck and can also be used on the base of the bath as a comfortable cushion or to provide foot support. Size: 240 x 150 x 50 mm

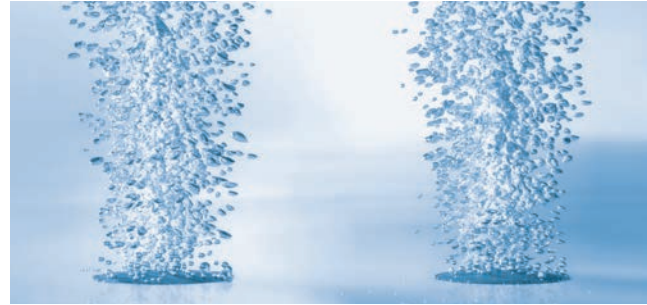

ALSO AVAILABLE IN THE COLOURS

WHIRLPOOL SYSTEMS

From the comfortable AirPool Entry-level to the luxurious CombiPool Active you are sure to find a model to suit your needs

Air jets in the base of the bath

AIRPOOL

The air system for an invigorating massage. In the AirPool, air is injected into the bath through special jets and dispersed as fine bubbles. These air jets are located in the base and ensure a stimulating massage. The pipes to the base jets are blown dry after use.

Water jets in the sides of the bath

HYDROPOOL

The water system for targeted body massage. The water is extracted and pumped back into the bath through special (water) jets. The HydroPool massage jet stimulates the muscles and local metabolism. Residual water is drained away.

Air jets in the base and water jets in the sides of the bath

COMBIPOOL

The combination of AirPool and HydroPool. The best of both worlds: air jets in the base of the bath and water jets, depending on the model, in the back, at the sides and/or in the foot area. The jets can also be used separately, for an all-round body massage that gently eases tensions and stimulates the circulation. The CombiPool is also used for hydrotherapy. The residual water drains away and the base jets are blown dry.

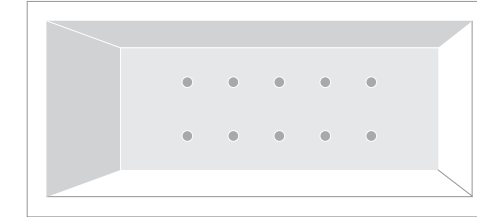

All systems are available in two versions with different comfort features. In addition there are two Special Pools for up-market requirements in terms of design and massage. The three whirlpool systems are available in acrylic or Quaryl®.

As much comfort as you want. Each of the three whirlpool systems is available with different comfort features.

AIRPOOL ENTRY-LEVEL

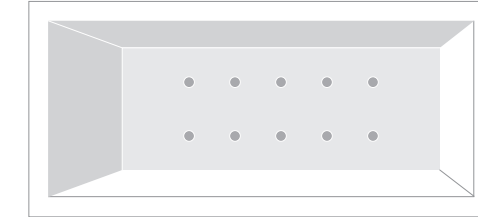

Relaxing bathing pleasure

AIRPOOL COMFORT

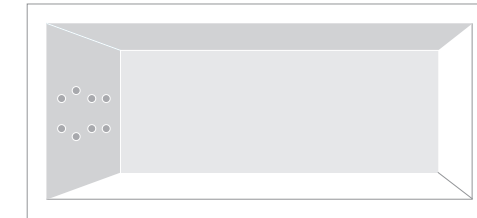

Tingling and as quiet as a whisper

HYDROPOOL ENTRY-LEVEL

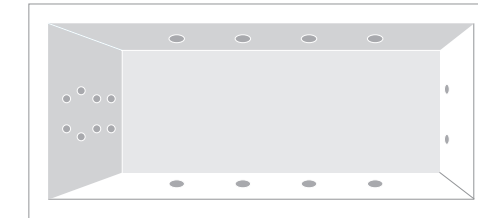

Relaxation for your back

HYDROPOOL COMFORT

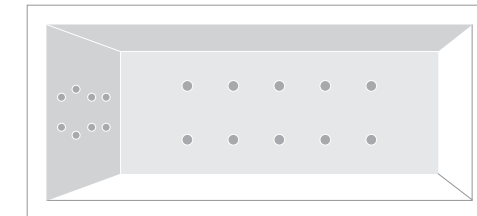

Pampered from head to toe

COMBIPOOL ENTRY-LEVEL

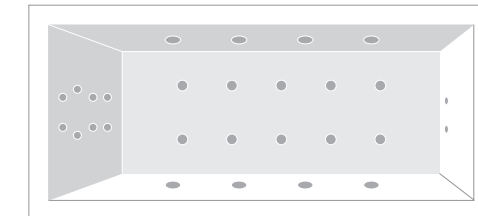

Moments of enjoyment in your own bathroom

COMBIPOOL COMFORT

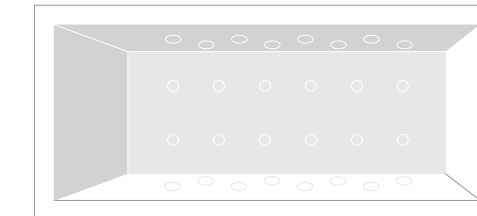

Ultra-quiet chillaxing

COMBIPOOL INVISIBLE

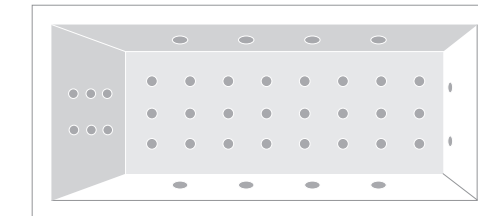

Your personal pampering programme

COMBIPOOL ACTIVE

For a soothing deep-tissue massage

AIRPOOL ENTRY-LEVEL

Relaxing bathing pleasure

1 · LOOP & FRIENDS acrylic bath with AirPool Entry-level system

The AirPool Entry-level is the optimum model for everyone wanting greater relaxation in their own bathroom. Its stimulating air massage energises the body and effectively releases tight muscles. It offers uncomplicated relaxation in reliable Villeroy & Boch quality at outstanding value for money.

Relaxing comfort

With their dynamic air bubbles, ten jets arranged in an even pattern on the base of the bath offer an invigorating and stimulating massage at all the important contact points. The heat generated by the air system is transferred to the water in the bath.

Efficient massage effect

The standard equipment in our AirPools includes intermittent massage – the pleasant sensory stimulation ensures long-lasting massage enjoyment and an intense bathing experience.

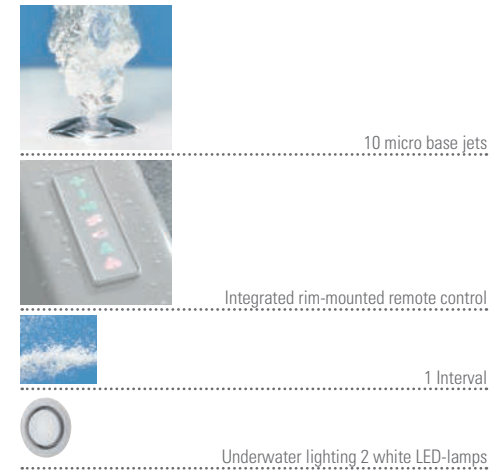

Atmospheric lighting

The energy-saving LED underwater lighting in clear, white light creates a pleasant, feel-good atmosphere.

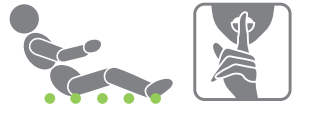

2 · SQUARO Quarryl® bath with AirPool Entry-level system

FEATURES

AIRPOOL COMFORT

Tingling and as quiet as a whisper

1 · LOOP & FRIENDS acrylic bath with AirPool Comfort system

The tiny tingling champagne-like bubbles in the AirPool Comfort have a stimulating effect rather like a gentle peel. At the same time, the extremely quiet Whisper jets encourage calm and relaxation for an all-round feel-good atmosphere. In the Quarryl® models, the jets are flush-mounted ensuring a discreet appearance and perfect aesthetics. Compared to the AirPool Entry-level, the AirPool Comfort offers the following features:

Perfect comfort

Thanks to their flat design and pleasantly shaped surface, the 10 Whisper jets do not get in the way.

Champagne effect

Tiny air bubbles surge from the pores in the jets – a gentle peel for the skin.

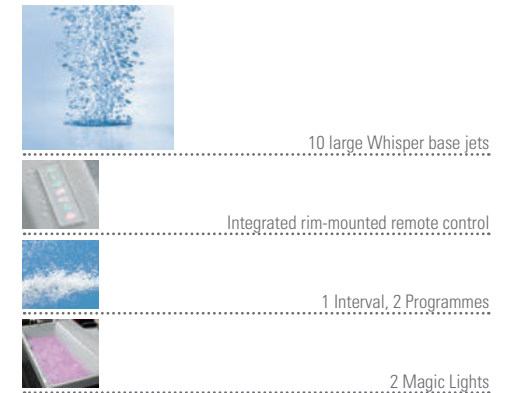

The joy of peace and quiet

The AirPool Comfort complies with DIN 4109, was tested at the Fraunhofer Institut and, thanks to the Whisper technology, is one of the quietest systems on the market. Ideal for switching off and relaxing body and soul after a loud and hectic working day.

Magic Light

The individually controllable light in various colours has a proven positive effect on body and soul.

FEATURES

2 · SQUARO Quarryl® bath with AirPool Comfort system

HYDROPOOL ENTRY-LEVEL

Relaxation for your back

1 · LOOP & FRIENDS acrylic bath with HydroPool Entry-level system

2 · SQUARO Quarryl® bath with HydroPool Entry-level system

With the HydroPool Entry-level, you can give your back a treat whenever you want – and at good value for money. The ergonomically arranged jets massage the upper and lower back, as well as the shoulders, ensuring a feeling of complete relaxation.

Integral back massage

Thanks to eight ergonomically aligned back jets you can enjoy a soothing back massage.

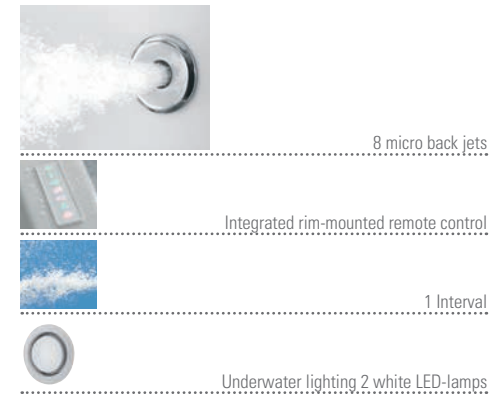

Efficient massage effect

The standard equipment in our HydroPools includes intermittent massage – the pleasant sensory stimulation ensures long-lasting massage enjoyment and an intense bathing experience.

Atmospheric lighting

The energy-saving LED underwater lighting in clear, white light creates a pleasant, feel-good atmosphere.

FEATURES

HYDROPOOL COMFORT

Pampered from head to toe

1 · LOOP & FRIENDS acrylic bath with HydroPool Comfort system

2 · SQUARO Quarryl® bath with HydroPool Comfort system

Thanks to its beneficial back and side massage, the HydroPool Comfort is the ideal place to unwind. A total of 18 jets stimulate the whole body, from the shoulders to the feet. In the Quarryl® version, these jets are flush-mounted, so they not only feel good but look great, too. Thanks to the uniquely quiet Whisper technology, you can enjoy your bath in total tranquillity. Compared to the HydroPool Entry-level, the HydroPool Comfort offers the following features:

Gentle regeneration

The mix of water and air bubbles from the eight Whisper side jets stimulates the muscles, the local metabolism and the skin cleansing process.

Targeted massage

The side jets are manually adjustable and closable and can be rotated by almost 360° – for an absolutely individual massage tailored exactly to personal preferences and requirements.

Ultimate comfort

Two additional foot jets provide a sublimely soothing foot massage.

The joy of peace and quiet

The HydroPool Comfort complies with DIN 4109, was tested at the Fraunhofer Institut and, thanks to the Whisper technology, is one of the quietest systems on the market. The ideal way to switch off and relax

Magic Light

The individually controllable light in various colours has a proven positive effect on body and soul.

FEATURES

COMBIPOOL ENTRY-LEVEL

Moments of enjoyment in your own bathroom

1 · LOOP & FRIENDS acrylic bath with CombiPool Entry-level system

2 · SQUARO Quarryl® bath with CombiPool Entry-level system

The CombiPool Entry-level offers an indulgent, relaxing massage thanks to dynamic air jets from the base of the bath and a powerful water-air massage for the back. A unique pleasure that, thanks to the stylish design of the jets, also leaves a lasting impression on the eye. And all this is available at really good value for money.

Consummate chillaxing

The CombiPool combines all the advantages of the AirPool and the HydroPool in a premium system for a full body massage.

Optimum massage

With their dynamic air bubbles, ten jets arranged in an even pattern on the base of the bath offer an invigorating and stimulating massage at all the important contact points. The heat generated by the air system is transferred to the water in the bath.

Efficient massage effect

The standard equipment in our CombiPools includes intermittent massage the pleasant sensory stimulation ensures long-lasting massage enjoyment and an intense bathing experience.

Atmospheric lighting

The energy-saving LED underwater lighting in clear, white light creates a pleasant, feel-good atmosphere.

FEATURES

-  10 micro base jets
-  8 micro back jets
-  Integrated rim-mounted remote control
-  1 Interval
-  Underwater lighting 2 white LED-lamps

COMBIPOOL COMFORT

Ultra-quiet chillaxing

1 · LOOP & FRIENDS acrylic bath with CombiPool Comfort system

2 · SQUARO Quarryl® bath with CombiPool Comfort system

All of your senses can relax in the quiet CombiPool Comfort. Enjoy the tingling, stimulating full-body massage with its unique effect and allow your body and mind to chillax in the wonderful atmosphere created by the individually controllable colour-therapy lights. The flush-fitted jets in the Quarryl® version are also particularly attractive.

Compared to the CombiPool Entry-level, the CombiPool Comfort offers the following features:

Consummate chillaxing

The intense massage provided by the base, side, back and feet jets relaxes the muscles and nerves, stimulates the circulation and releases tension. The gentle exfoliating effect has long-term benefits for the skin.

The joy of peace and quiet

The CombiPool Comfort complies with DIN 4109, was tested at the Fraunhofer Institut and, thanks to the Whisper technology, is one of the quietest systems on the market. even when used at the highest setting. The ideal way to switch off and relax.

Magic Light

The individually controllable light in various colours has a proven positive effect on body and soul.

FEATURES

-  10 large Whisper base jets
-  2 micro foot jets
-  8 Whisper side jets
-  8 micro back jets
-  Integrated rim-mounted remote control
-  1 Interval, 2 Programmes
-  2 Magic Lights

COMBIPOOL INVISIBLE

Your personal pampering programme

1 - SQUARO Quarryl® bath with CombiPool Invisible system

2 - LOOP & FRIENDS acrylic bath with CombiPool Invisible system

The CombiPool Invisible is a whirlpool and designer object in one. All but invisible, its jets become an integral part of the bath as a whole, ensuring visual harmony. The unique Smart Control remote control is particularly convenient and can be used to adjust the various intervals and programmes.

1 - LIGHTING 2 MAGIC LIGHTS

2 - INTERMITTENT MASSAGE

Consummate chillingaxing

The combination of dynamic air jets with a powerful water-air massage ensures a holistic wellness experience, thereby meeting even the highest requirements in terms of vitality and long-term health. The heat generated by the air system is transferred to the water in the bath.

Efficient massage effect

The efficient, intermittent massage creates a pleasant, pulsating sensation when it comes into contact with the body and has a lasting effect. Ideal for those who, after regular exercise, want to relax, effectively reduce muscular tension and prevent aches and pains.

Invisible wellness pleasure

Invisible Jets are standard in both the acrylic and the Quarryl® versions. In the Quarryl® version, they are also integrated completely flush in the bath.

FEATURES

12 large Fitness jets

16 pop-up side jets

3 Intervals

Smart Control remote control

2 Magic Lights

COMBIPOOL ACTIVE

For a deep massage as if given by hand

1 · SQUARO EDGE 12 Quarryl® bath with CombiPool Active System JUST tap fittings programme X-PLANE+BERNINA tiles

2 · LOOP & FRIENDS acrylic bath with CombiPool Active system

The CombiPool Active brings luxury and added comfort to your bathroom. At the touch of a button, you can select one of the beneficial massages from the varied programmes offering everything from gentle stimulation to the effective release of muscular tension. A total of 40 jets ensure an extraordinary massage experience similar to that offered by a real masseur. The jets in the Quarryl® version are flush-mounted in the bath, so they not only feel good but look great, too.

Targeted massage

The quiet CombiPool Active has eight Whisper Active Jets in the sides. These innovative and unique jets can be individually controlled and ensure a targeted and intensive massage. In addition, the CombiPool Active has six Active Jets for the back and two in the foot area. The heat generated by the air system is transferred to the water in the bath.

Comfort programmes

The six available programmes were developed in collaboration with the sports medicine specialist, Prof. Dr. Allmann: they offer sheer relaxation and promote your emotional well-being and physical health in the long term. Relieve aching muscles and tension and stimulate the circulation at the push of a button.

FEATURES

24 Air Royale jets

8 Whisper Active side jets

6 Active back jets

2 Active foot jets

1 Interval, 6 Programmes

WHIRLPOOL OPERATION

Relaxation at the push of a button

RIM-MOUNTED CONTROL

Push-button operation

A practical rim-mounted control is available for many of our pools (except the Active and Invisible Pools). The elegant rim-mounted attachment ensures easy and convenient operation from any position in the bath.

- Gradual increase and reduction of jet functions
 - Standby display
 - Manual start / finish the cleaning cycle
 - Switch the jet functions On / Off
 - Activate the blow-drying of the pipes
 - Switch the intermittent pulsator On / Off
- With this function, the jets automatically release air intermittently.

SMART CONTROL REMOTE CONTROL

Everything to hand

The many practical advantages of the Smart Control are obvious.

- Aesthetic design and no sign of the receiver on the rim of the bath
- Simple to operate thanks to intuitive menu navigation
- Easy control of all functions and new options
- Available for CombiPool, Invisible and Active

POSSIBLE COMBINATIONS

for baths and whirlpool systems

The baths shown here can be combined with all our Air-, Hydro- and CombiPools.
For even more relaxation, wellbeing and improved health in the comfort of your own home.

Information & services

A wide range of services and detailed information for wellness pleasure for a long time to come

With the wellness products from Villeroy&Boch, long-term well-being is guaranteed with minimum installation, care and maintenance. In this chapter, we present valuable maintenance tips and guarantee information for relaxed safety. You can also find inspiration by viewing our product world on the Internet - ranging from online bathroom planning to our social network pages.

MAINTENANCE & CLEANING

Easy care, easy relaxation

Villeroy&Boch wellness products boast particularly high-quality materials that, thanks to their easy-care properties, such as pore-free smooth surfaces, ensure genuine relaxation in the bathroom. With minimum cleaning effort, long-term enjoyment of the wellness products in your bathroom is guaranteed.

Care tips & hygiene information

Acrylic and Quaryl® surfaces are extremely easy to clean as they are pore-free and seamlessly smooth. For the surfaces to retain their brilliance, all that is needed is regular treatment with a sponge and a liquid cleaning agent that is also suitable for synthetics, such as acrylic. Limescale deposits and loss of shine are simply eliminated with vinegar-based or special limescale cleaners. Alkaline cleaning agents, such as standard washing-up liquid, can be used to remove substances that leave greasy marks.

Slight damage, such as scratches, to the acrylic with full-body colouring can be removed using standard repair sets or polishing paste. Via their local dealer, customers can also contact the Villeroy&Boch Customer Services, which operates throughout Germany. Wood elements have a waterproof coating as standard but should be wiped with a dry cloth after taking a bath. Thanks to the high technical standard from Villeroy&Boch, the whirlpool systems offer optimum hygiene: furthermore, all whirlpool jets can be easily removed and cleaned.

SAFETY & GUARANTEE

Safety & hygiene

The whirlpool systems from Villeroy&Boch meet the highest safety and hygiene requirements. To guarantee hygiene, some models are fitted with special jets or have a fully automatic cleaning system. This is activated automatically when the bathwater has emptied. The lines are then blown dry with air. Blow-drying can also be activated manually, for example, if water gets into the system during cleaning.

To guarantee safe operation, all water-based whirlpool systems are fitted with a special hair trap. This ensures that there is no water intake if the outlet is blocked. All systems are fitted with a level sensor to prevent dry running to ensure that the whirlpool cannot be switched on if there is no water in the bath.

All whirlpool systems carry the KEMA mark of conformity. Of course, all systems also feature the CE logo. Quaryl® products from Villeroy&Boch are also TÜV-approved. In addition, all functions of each whirlpool system are tested extensively in the factory. Please also observe the cleaning and care instructions in the operating instructions.

Warranty & guarantees

We offer a 10-year guarantee on all baths and shower trays made from acrylic or Quaryl® and a 3-year guarantee on whirlpool systems in accordance with the relevant warranty conditions.

Whirlpool unit

All Villeroy&Boch Whirlpool systems are supplied with all technical fittings pre-installed. The technical units are installed in such a manner as to avoid any projections beyond the dimensions of the bath. With most systems, all the technical elements are mounted on a vibration-reducing base.

WELLNESS LOUNGE & INFORMATION CENTRES

Top advice for a no-stress dream bathroom

To ensure that your wellness oasis becomes a true dream bathroom, Villeroy&Boch bathroom showrooms and information centres offer a whole range of information: always with competent professional advice and supplemented with an exclusive wellness experience offer.

Bathroom showrooms

Discover the most beautiful bathrooms from Villeroy&Boch in the showroom displays of our specialist retail and installation partners, as well as at Villeroy&Boch's own showrooms. Here you can find inspiration for your own bathroom along with professional advice for every style, room situation or price category. Customers can request a current list of all showrooms by post, fax or telephone or they can use the dealer search on the Internet.
