**Signature** Collection

Salone del Mobile 2020

The bathroom is the most versatile space capable of meeting a number of human needs – physical or emotional. This is why we have dedicated ourselves to, and invest in, bathrooms. VitrA, the flagship of the Eczacıbaşı Group, is the only brand in global markets offering every component of the bathroom as well as an extensive range of ceramic and porcelain tiles.

Dr. Nejat F. Eczacıbaşı  
The founder of The Eczacıbaşı Group

---

## Enduring values

A high-achieving competitor in foreign markets today Vitra is the leading global provider of a full range of bathroom components. Seventy per cent of production is sold abroad through a powerful distribution network.

This extraordinary accomplishment is anchored in the founder's unshakable vision. Dr. Nejat Eczacıbaşı always maintained that lasting success demanded hard work, risk taking and innovation: 'Success comes those who eschew the easy path, and boldly embrace innovation and advances.'

### Vitra's logo chronology

---

High powered perfection

Designer and manufacturer of every essential element in the bathroom, the Eczacıbaşı Building Products Division has an annual capacity of 5.6 million units of ceramic sanitaryware, 30 million square metres of ceramic and porcelain tiles, 2 million taps, 350,000 bathtubs and shower trays, and 400,000 modules of bathroom furniture.

Carefully calibrated for minimal resource consumption, these cutting-edge factories and plants create sophisticated designs and maintain extremely high standards whilst progressively reducing Vitra's ecological footprint.

- Bozüyük, Bilecik, Turkey
- Tuzla, İstanbul, Turkey
- Serpukhov, Moscow Oblast, Russia

---

Innovation lights up the future

Located in Bozüyük, Bilecik – Turkey, near the main production plant, the Vitra Innovation Centre is envisioned to serve as the headquarters of the brand's R&D activities with a strong team mainly involved in material and process development, product development and technology development. It also coordinates collaborative projects with universities and external consultants. From elemental dynamics to nanotechnology and electronics, every branch of science and industry is a candidate for exploration at the Vitra Innovation Centre, generating new tools and skills for Vitra to redefine form and function for the contemporary bathroom.

A pledge to the future

As a major manufacturer with a global audience, Vitra cares about the future of our blue planet. That is why it takes tangible steps to conserve natural resources. To this end Vitra embraces Blue Life, a set of guidelines devised to mitigate our impact on the environment. Vitra upholds Blue Life as a production, design and management philosophy – from the extraction of raw materials all the way to the finished product in use. Every product is designed from the very first concept onwards with sustainability in mind: they are durable, well made and follow lean design principles for reduced use of resources and materials.

Design that inspires

It all begins with questions. Questions posed by the design discipline. Questions to understand needs, desires and choices. Questions to establish new requirements, to develop new tastes, and to create brand-new experiences.

Over time, trends and developments may alter life's challenges, as well as expectations and habits. Vitra is fully committed to investigating and improving these essentially human spaces: bathrooms. As a result, an extraordinary wealth of attractive combinations helps shape physical space in the midst of urban life, in domestic, commercial, or public bathrooms.

---

## Designers

### Arik Levy

'Creation is an uncontrolled muscle,' says all-rounder Arik Levy. Artist, technician, photographer, designer, and video artist, Levy's work can be seen in prestigious galleries and museums across the world; he creates hi-tech clothing lines and accessories as he continues to contribute substantially to our interior and exterior milieux from his studio in Paris. Levy designed the Voyage Collection for VitrA.

### Matteo Thun + Partners

The Milan-based Matteo Thun + Partners studio of architecture, design and communication refuses stylistic pigeon-holing, which explains its capacity to approach with boundless originality and vitality such a vast variety and scale of work, ranging from hotels to coffee cups. Thun has designed Water Jewels for VitrA, an exotic collection that puts a variety of materials to a highly imaginative use.

### Ross Lovegrove

One of the most fascinating designers of the 21st century and recipient of numerous awards, Ross Lovegrove creates sculptural and organic shapes using sophisticated technology and materials. His design concept 'organic essentialism' is inspired by elements from the natural world which are then reshaped into futuristic forms. The exquisite Istanbul Collection is the product of Lovegrove's collaboration with VitrA.

### Christophe Pillet

A multi-disciplinarian involved in product- and furniture design through to interiors, architecture, scenography and artistic direction, Pillet's creations for leading brands include Cappellini, Daum, JC Decaux, Triade, Ecart International, Emu, L'Oréal, Lacoste, Moroso, Porro, Renault, Serralunga, Shiseido, Shu Uemura, Veuve Clicquot Ponsardin, Hôtel Sezz, and Whirlpool. Pillet, who seeks to express, 'simplicity, timeless design and a touch of distant elegance,' has designed the Memoria Collection for VitrA.

### Terri Pecora

Since qualifying in California and Milan's Domus Academy (1990), the versatile Los Angeleno Terri Pecora has designed furniture, bathroom products, stands, retail interiors, eyewear, fashion accessories and children's products. Aesthetic functionality best describes her work, and she has often experimented with unexpected solutions which set her projects apart whilst responding to the needs of users and the market. Pecora is the designer behind VitrA's Plural Collection.

### Claudio Bellini

Claudio Francesco Bellini lives and works in Milan, where he graduated in Architecture and Industrial design from the renowned Politecnico in 1990. Early in his career, Bellini focused on office furniture. Later, after winning a number of prestigious architectural competitions, he moved into designing large showroom interiors and developed products for prominent Italian and international companies. Bellini is the creator of VitrA's Equal collection.

### Sebastian Conran

The acclaimed design explorer Sebastian Conran, whose product design and development studio focuses on creating charismatic retail merchandise and user experiences that are contemporary, innovative and satisfying, has created cleverly refined bathroom accessories for VitrA: the extraordinarily extensive Eternity range, with a vast array of colour and material options, is versatile enough to have something for every elegant bathroom.

### Design Studio VitrA

Led by Erdem Akan, the in-house team of designers represent the backbone of VitrA's design philosophy and culture. They are supported by the multi-disciplinary teams at the VitrA Innovation Centre. The hallmark of the VitrA collections are innovative designs based on sustainability and 'design for all' principles underpinned by sophisticated technology.

VitrA **Signature** Collection

# VitrA **Signature** Collection

Every letter ends with a signature, which proves the writer's appreciation of the recipient. A signature is a confirmation of responsibility; co-signing indicates a shared responsibility. VitrA Signature Collection is a material illustration of collaborative dedication to, and ultimate care and regard for fundamental human needs. Like a signature placed on a piece of art, each product in this collection proudly carries the signature of VitrA's unique partnerships forged in order to design the ultimate urban bathroom experience.

Brand new ideas for the urban bathroom experience

# Plural

## Shared intimacy

Designed by Terri Pecora in collaboration with Design Studio Vitra, Plural offers the feeling of a vintage living room, inspired by the iconic mid-twentieth century look. Light and airy furniture is creatively embedded into the bathroom environment, introducing a welcoming domestic space where users can share time with others.

Plural's refined design language creates an atmosphere of sensual luxury. With an aesthetic mix and match of forms, finishes and colours, it brings objects and people together in a delightfully harmonious bathroom environment.

## The bathroom as a social hub

All the elements of Plural interrelate in a way that encourages mixing and grouping together in a modern and fresh bathroom concept.

Plural's wall-hanging vertical mirror moves from side to side allowing the mirror to be used from two angles.

## Elegant furniture

Plural presents attractive, light-looking, yet solidly strong furniture with graphic black legs. The wood countertop creates an exquisite centrepiece to any bathroom. It may be hard to resist the warmth, texture and authenticity of solid wood, but the collection also offers a compelling set of ceramic countertops in an innovative array of colours.

## Leading innovation

Three innovative and technologically-advanced syphon solutions conceal the untidy look of pipes, enabling washbasins to be mounted in any part of the room.

One allows the ceramic basins to be placed at various angles as an alternative to conventional positioning against the wall, encouraging users to face each other and engage with their surroundings.

Another has been designed specifically to enable washbasins to be mounted in an open bathroom space whilst retaining a clean and minimalistic look.

The third allows for the fitting of monoblock basins at free angles in the room instead of the more common 90° angle to the wall.

# Equal

Brave simplicity

Designed by Claudio Bellini in collaboration with Design Studio Vitra, Equal truly offers a bathroom with character. Simplicity must be treated as the outcome of a brave sophistication, and as a design approach, it is the human shortcut to creating equilibrium within the clutter of an urban environment. This is the balance Equal creates by welcoming diverse needs and desires.

Equal

## Poetic within norms

Representing the equilibrium between the rational and the sensual, Equal employs basic geometric forms obsessively shaped by simplicity, whilst simultaneously embracing organic shapes. Through ordered, edgy yet still rounded and fluid forms, Equal creates the ultimate bathroom harmony.

Equal. Brave simplicity.

## Cold and warm atmospheres

Equal celebrates basic architectural elements by exploring their fundamental possibilities. To enhance the relaxing and sensual atmosphere of the space, the collection combines cold and warm materials in the form of ceramic and wood. Black metal elements are also used to emphasise and strengthen the timeless character of the collection.

Equal

## Boundary-free units

Equal offers a wealth of storage solutions beyond the vanity with a choice of free-standing storage units celebrating individuality.

Double vanity basin  
with wooden cover  
Elm

## Floating vanity

Designed as a custom piece of furniture, Equal's vanity unit amplifies the visual effect of completeness, thereby creating the perception of more space. Single and double washbasins display a striking contrast of linear and flowing forms. Available in wall-hung, countertop or metal frame options with towel holders or shelves, Equal washbasins float above an uninterrupted floor surface perfect for easy cleaning.

# Voyage

## A journey to a peaceful mind

Designed by Arik Levy in collaboration with Design Studio Vitra, Voyage is a system offering new possibilities for a peaceful mind. Motivated by the premise that time spent in the bathroom is not just a physical experience, but rather is an interval, Voyage creates a space where the mind and body meet, where the emotional and spiritual aspects of an individual's existence are stimulated.

Understanding that this most human personal experience deserves an individualised space, the product range offers the tools to customise this area and enhance the spiritual experience.

Voyage. A journey to a peaceful mind.

## Flexibility both horizontal and vertical

Beyond modularity, Voyage is a flexible system that challenges the ordinary bathroom set-up, providing horizontal and vertical positioning. Storage space can be divided and distributed around the room, with no height or position constraints. Positioning can be defined by the user, based on their permanent or temporary needs. This flexibility also extends to colour, depth and size options, making Voyage one of the most versatile bathroom ranges.

## More than a washbasin

A seamless fusion of bowl and vanity unit, the Voyage washbasin offers a convenient combination of dry, semi-wet and wet areas. The ceramic surface provides hygiene and ease of cleaning.

The range also offers alternatives for public bathroom spaces by combining countertop washbasins with different type taps like wall-mounted, standard or floor-mounted taps.

---

Voyage

## A statement WC area

Voyage defies convention by surrounding the WC area as a key feature of the bathroom layout. The result is a statement WC area that is no longer isolated.

# A system that evolves

Voyage offers a system that evolves and adapts to changing needs and desires over time. It is easy to add and remove elements, each additional unit helping to transform the existing space for a the next chapter of your life. This flexible, comprehensive system minimises the risk of mistakes and enables solutions to permanent and semi-permanent needs, always leading to a visually pleasing new result.

Origin

# Distinctive harmony

The vast variety of the Origin Collection produces distinctive harmony in every bathroom. Over 200 products, all neat designs in a broad palette of colours, finishes and sizes, appeal to diverse tastes and habits as they offer versatility for washbasin, WC and shower areas.

Origin

## Origin

## Exquisite colours

Distinguished by a choice of colours in different materials, bathrooms featuring items from the Origin Collection instantly appear more stylish, more exclusive.

Black, white glass and neolith-calacatta porcelain countertops can be combined with wooden drawer units in patterned dark oak, elm and natural oak.

Origin mixers, accessories and shower systems come in a striking array of chromes, coppers, matt blacks and brushed nickels. A special coating technology gives every item in the collection a beautiful finish, good for years to come.

The glass control panels come in black, white, taupe and mink, harmonising the WC area with the overall bathroom design.

Origin

# A shelf system like no other

Everything that is needed in the bathroom can be organised on shelves and in units that complement the graceful design. Units with integrated drawers allow quick access to needed items.

Bathroom units can be easily customised to different sized spaces, thanks to a choice of modules and dimensions. In 30 and 60 cm alternatives, the shelves can be combined with other shelves or side units in 60 cm or 90 cm.

Origin

## A customisable mixer system

An uncompromising approach to comfort makes Origin designs open to customisation in the bathroom: mixers come in a variety of heights and functionalities to suit the user's needs and tastes. A number of Origin solutions to the showering area transforms showering from a daily routine into a personal relaxation session. Showerheads and/or hand showers and mixers can be arranged to suit individual habits. The built-in thermostatic mixer option in the collection maintains a constant temperature, thereby making safety and comfort an indivisible whole.

Products by type

## Bathroom elements

Used as they are every day to meet a number of physical and emotional needs, the components of the bathroom stand at the very centre of human life. Well aware of this crucial function, designer and manufacturer of every essential element in the bathroom Vitra pays great attention to the expectations facing them.

Starting from the very first, the idea, design, development, and manufacture of every Vitra product speak of the meticulous care taken to ensure maximum performance.

---

# Washbasins

Designed with painstaking attention to detail, each Vitra washbasin represents excellence in manufacture, and the ultimate in precision and control in ceramic sanitaryware.
