GROHE Technology

seven decades of research and development has resulted in a range of products that are renowned worldwide for their technical excellence and longevity.

throughout this brochure you'll find references to our water technologies, all of them developed to make your experience with GROHE different, special and better.

GROHE SilkMove®

تنها شیر آلت GROHE دارای ویژگی منحصر به فرد GROHE SilkMove® می باشد. پس از لمس دستگیره برای بار اول متوجه برتری این محصول خواهید شد پس از حرکت دادن اهرم شیر، نرمی و روانی بی نظیری را حس خواهید کرد. زاویه بسیار عریض عملکرد اهرم، به شما امکان می دهد تا میزان جریان و حرارت آب مورد نظر را با دقت بالایی کنترل نمایید.

حرکت های نرم و روان اهرم، مفادیر دقیق و معینی را انتقال خواهد داد. راز منحصر به فرد بودن فناوری GROHE SilkMove® که موفق به دریافت نشان TÜV SÜD نیز شده است، بهفنه در تکنولوژی کارتریج معناری است که داخل شیر آب تعبیه شده است.

GROHE StarLight®

سطح صاف بی عیب و نقص و براق شیرآلات GROHE، چشمان شما را خیره خواهد کرد. این جلا و درخشش مادام العمر به لطف خاصیت ضد لک و مقاومت بالا در برابر خش سطوح موسوم به GROHE StarLight® حاصل شده است. در واقع، درخشندگی و دوام GROHE بی نظیر است. بیش از ۷۰ سال پیشرفت مداوم در پرداخت و صیقل سطوح شیرآلات، فرآیند بی مانند پرداخت سطوح کرومی GROHE StarLight® - را تضمین می کند.

طراحی شده برای ارزیه عملکرد عالی شیرهای مخلوط اهرمی گروهه، برنده نشان تست کارایی مکانیکی TUV در سال ۲۰۱۱

نیروی بکار اندازی

نیروی واقعی مورد نیاز برای باز کردن و بستن، و نیز تنظیم دمای آب، در سالهای اخیر اهمیت زیادی پیدا کرده است. آزمایشات انجام شده بر روی ۹ محصول نشان می‌دهد که شیرهای آب GROHE، به کمترین نیروی بکاراندازی نیاز دارند. همچنین آزمایشات اثبات کرده‌اند که نرمی حرکت شیرهای آب در طی ۲۰ سال (شبهه سازی شده) استفاده مداوم حفظ خواهد شد. این ویژگی به لطف تکنولوژی GROHE SilkMove® حاصل می‌شود، که حرکت روان و نرم سارکار با استانداردهای کیفی را به ارمغان می‌آورد. GROHE با ترکیب فناوری و دوام در طی زمان، هر ساله نهایت راحتی را در زندگی روزانه فراهم می‌سازد.

حرکت اهرم

با شیرهای اهرمی به راحتی قادرید دما و حجم آب مورد نظران را تنظیم کنید. برخی از شیرهای آب با گذشت زمان لق شده و دقت تنظیم آنها لغت می‌کند و منجر به از بین رفتن اعتماد و کاهش کیفیت می‌شوند. نتایج آزمایشات نشان می‌دهد که اهرم های GROHE پس از ۲۱۰۰۰۰ بار باروبسته شدن طی یک دوره زمانی ۲۰ ساله، فرض و محکم باقی خواهند ماند.

Veris

Rooted in the Philosophy of sensual Minimalism, **GROHE Ondus®**, Veris blends Sobriety with emotion.

Sinuous curves meet soft edges to create a timeless and striking form. Resonating the same DNA as our award-winning **GROHE Ondus®** Collections, **GROHE Ondus®** Veris extends this unique aesthetic philosophy to a wider audience.

Allure

Purists will love the Allure faucet with its pared-down lines and graceful spout.

It is original and highly authentic, offering two different basin mixer shapes for real versatility, as well as a specially developed 28mm cartridge to enhance the compact dimensions.

Allure is a faucet for modern living, a pure, unspoiled design that is matched by two of GROHE's unique technologies: **GROHE SilkMove®** for unbeatable smooth performance, and **GROHE StarLight®** for an intense shine.

It is a covetable combination of craftsmanship and pristine style - a truly alluring product.

Atrio

Echoing the pure understated design of the Bauhaus movement, Atrio is a line of stylish faucets and fittings guaranteed to bring a restful balance and timeless harmony to your bathroom.

A choice of two handle designs - Ypsilon, an elegant and modern interpretation of the classic crosshead, and Jota, a slim, stylish lever - allows this classic design to work a number of interior styles.

Available in chrome, the striking Atrio range features **GROHE StarLight®** technology.

Tenso

Our eye-catching Tenso range will add a spark of life into your bathroom. Key to its purist design, is a contemporary curved cylinder which carries through from faucets to shower mixers to an entire range of accessories.

Available in shiny **GROHE StarLight**®chrome, the faucet has a gently curved spout and lever creating a thoroughly modern look.

So if you crave high style coupled with a chic idiosyncratic touch, head for the unusual and beautiful Tenso the perfect personal expression with **GROHE SilkMove**® technology.

Quadra

Basin and Bath faucets in the quadra collection benefit from a spout with recessed mousseur. This attention to detail maintains the purity of the design while delivering comfort to the user and clarity to the bathing space.

Featuring an ergonomically loop-shaped lever, the streamlined profile of Quadra makes a bold iconic statement. Soft radii reflect a move towards products that adhere to a minimalist aesthetic, but bring a human element to the spaces in which they are used.

Lineare

If you crave a minimalist look, but find some shapes just too stark and too rigid, then take a look at Lineare.

Its stunning design effortlessly mixes the stylish radial profiles of the level and spout, with the smooth, soft outline of a cylindrical body.

Packed with our technologies, including **GROHE SilkMove®** and **GROHE StarLight®**, the basin mixer body is available in a choice of sizes to suit every individual need.

Europlus

Modern yet timeless, the new Europlus is packed with an array of technical features giving you a beautiful, high-performance product that will last for years.

The enlarged loop-shaped lever is convenient and comfortable to use, while **GROHE SilkMove®** technology offers smooth operation and maximum control of flow and temperature.

The bold, powerful design is enhanced with further technologies including **GROHE StarLight®** for a deeper chrome shine.

The new Europlus is quality, prestigious design at its very best.

EuroCube

For a sharp, tailored look in your bathroom choose Eurocube. Here is a design so cleverly engineered that we are able to offer an extensive choice of faucets featuring true square design for the basin, bidet, shower and bath. Across the range, cut-out detailing on the lever handles reduces the perceived volume of each piece, while highlighting the minimalist appeal of the collection.

Perfectly aligned to the design needs of today's cosmopolitan consumers, Eurocube offers cutting-edge, geometric styling at an unbeatable price. At the same time it benefits from two leading GROHE technologies: **GROHE SilkMove®** for smooth and comfortable operation of single lever mixers and **GROHE StarLight®** our resilient chrome finish.

Eurodisk Cosmopolitan

With its crisp profile and wide choice of faucet styles, Eurodisk Cosmopolitan ensures advanced performance for the most design-conscious consumers. Look closer and you will start to appreciate the finer details – a forward-leaning body to entice interaction and perfectly chamfered edges. Naturally the collection benefits from two leading GROHE technologies: **GROHE SilkMove®** for smooth and precise handling and **GROHE StarLight®** for a deep luxurious chrome finish.

Essence

If you're searching for a cool, crisp look at an unbeatable price point, then Essence is the faucet for you.

Its glistening chrom finish - due to **GROHE StarLight®** technology - enhances its clean, minimalist shape and pure design, while **GROHE SilkMove®** gives you a faucet that is technically advanced.

Essence is a stylish faucet that will endure long after passing trends fall by the wayside.

Indeed, Essence is a faucet for life.

Eurostyle Cosmopolitan

Featuring a distinctive keyhole-shaped lever handle pitched at the inviting angle of seven degrees, Eurostyle Cosmopolitan offers a unique design proposal for the modern bathroom. Utilizing an astute mix of simple curves and flowing forms, the collection benefits from **GROHE SilkMove®** technology to ensure handling of your bathroom faucets is always a smooth, precise and comfortable experience. Even after years of daily use.

With an extensive line up of products, all finished in **GROHE StarLight®** chrome, everybody can benefit from leading GROHE design.

Product choices include a 4-hole bath combination and a single-lever shower mixer with an innovative storage shelf – ensuring showering products are always close to hand.

Eurostyle

Since its launch, GROHE's Eurostyle has been an unparalleled success story. Like all things great, we have now updated the architect's favourite with a refreshed design.

The new Eurostyle features a forward-leaning shape, curved lever and structured contours designed to fit in with the most dynamic architecture.

Furthermore, its sleek, modern look is married with a whole host of our unique technologies including **GROHE SilkMove®** and **GROHE StarLight®**.

Such superb quality and superb design is matched by a competitive price, so what you get is a reliable and durable faucet that ticks every box.

Infrared electronic

Touch free, easy to clean, robust and ergonomic - the Essence E collection of infrared electronic faucets is designed for high-traffic areas where design and function are equally important. Airports, restaurants and offices are just a few of the places that will benefit from its cosmopolitan design.

Balanced and poised, Essence E explores the purity of the cylindrical form and adheres to the same modern aesthetic as our successful Essence collection.

The Europlus E faucets line, which uses an infrared light to "feel" when a person wants to wash their hands, is unbeatable when it comes to comfort, hygiene and efficiency. Whenever the infrared beam emitted by the unit is interrupted, the faucet releases the required amount of water and stops the water flow after a preset quantity or time. Europlus E is available with or without temperature selection level.

Balancing touch-free operation with stylish design, Eurosmart Cosmopolitan E commands attention. From above, the keyhole shape of the spout gives the range its distinctive look, with the same silhouette repeating on the temperature control lever.

The smooth transition from body to spout ensures maximum hygiene and easy cleaning. The design is enhanced with the latest infrared technology and complements our Eurosmart Cosmopolitan collection, which offers an extensive range of basin, shower and bath fittings.

Shower set

Handshower

Featuring **GROHE DreamSpray®** technology, Rainshower handshowers offer a choice of up to four luxurious spray patterns - Rain, Jet, Pure and Champagne. Despite their impressive size, Rainshower handshowers use no more water than a normal handshower.

The stepped profile of Rainshower *Cosmopolitan* echoes the restrained use of geometric forms which can be seen throughout our Minimalist faucet collections, while Rainshower *Classic* features a soft organic silhouette with tactile appeal. Both designs are available in two sizes: 130mm and 160mm.

Rainshower *Rustic* was born from a desire to combine today's modern technology with the subtle period details from another era. The result is a shower that is authentic in style yet technically advanced.

All Rainshower handshowers feature **GROHE CoolTouch®** technology, an innovative cooling channel that ensures the handle is never too hot to cold.

The **GROHE StarLight®** finish delivers a life-long sparkling chrome finish, while SpeedClean silicone nozzles mean that any limescale deposits can simply be rubbed away.

Thanks to its ingenious design, freehander can simply be turned from an overhead shower to a side shower.

Rapid SL Installation Systems

The Rapid SL system gives you the freedom to design your ultimate bathroom by providing a secure and quick method of installing wall-hung basins, bidets, urinals and WC's.

Available in three different installation heights, each frame comes pre-assembled with sanitaryware fixing and is subject to stringent testing - our WC frames are tested to hold 400kg.

Uniset Installation Systems

Whether it be in a new building or for a modernisation project: Uniset is the ideal system when traditional masonry work is to be done and where speed is of the essence, even though great flexibility is to be practised for the different installation situations.

You will play safe using Uniset from GROHE. Naturally you can plan and implement interesting floor plan solutions with Uniset involving optimum space distribution.

Flush Plates

Our flush plates are available in a number of styles, and will provide the finishing touch to your bathroom. They can be fixed vertically or horizontally to work with your tiling pattern and removed easily to give access to the cistern.

Our Surf and Skate designs will complement both modern and traditional bathroom schemes and feature dual flush (3 or 6 Litres) or single flush technology. Or, for a fully coordinated look, choose a plate designed specifically for some of our faucet ranges.
